Paradise Estates Subdivision, A Portion of Section 12 TWP 9N Range 27E W.M. Benton County, WA.

**DECLARATION OF PROTECTIVE COVENANTS
FOR PARADISE ESTATES
TOTAL OF 111 LOTS**

THIS DECLARATION is made on the 30th day of August, 2010, by the owners of the property herein described.

WITNESSETH:

WHEREAS, the property herein described is currently planned for private, residential lots and

WHEREAS, it is the undersigned's intention that said lots will be developed and sold subject to certain protective covenants, easements, conditions, restrictions, and reservations, as hereinafter set forth;

NOW, THEREFORE, the undersigned hereby declare that all the properties described below shall be held, sold, conveyed and developed subject to the following easements, covenants, and conditions, all of which are for the purpose of enhancing the value and attractiveness of the real property. These easements, covenants, restrictions, and conditions shall run with the real property and shall be binding on all parties now having or hereafter acquiring any right, title, or interest in the described property on any part thereof and shall inure in the benefit of each owner thereof.

SECTION ONE

Definitions

- A. Owner. The term owner shall mean and refer to the record owner, whether one or more person or entities, of a fee simple title to any Lot or portion of said plat, including contract purchasers, but excluding those having such interest merely as security for the performance of an obligation.
- B. Developer. The term "Developer" shall mean and refer to KDS DEVELOPMENT LLC.

Real Property

- A. Paradise Estates. The real property which is and shall be held, transferred, sold and conveyed and occupied subject to the declaration is located in the City of West Richland, County of Benton, State of Washington, and legally described as follows:

Paradise Estates Subdivision, a Portion of Section 12 TWP 9N Range 27E W.M.
Benton County, WA.

SECTION TWO

Building and Design Committee

- A. Creation of Building and Design Committee. There shall be created a Building and Design Committee, which shall be responsible for reviewing the plans for all proposed new construction, additions, or modifications. Such committee shall be responsible to ascertain that the plans and subsequent construction meet the minimum building requirements set forth in this declaration. The primary purpose of such committee shall be to assist property owners in achieving compliance with such building restrictions. Such committee shall allow the greatest possible latitude and flexibility in the design of homes to be built on the lots in the subdivision and shall not discourage new or innovative design concept or ideas.
- B. Composition of Building and Design Committee. The Building and Design Committee shall consist of three (3) property owners within the real property described above; provided the Building and Design Committee shall compose solely of the developers above named until at least 85% of the lots have been sold to third parties. Thereafter, membership on said committee shall be determined annually at a meeting of property

owners at which the committee will be selected by majority vote of those property owners present.

- C. Submission of Plans. Any property owner seeking to construct a new home or other appurtenant structure, or to add to or modify any portion of the exterior of an existing home or structure, shall submit the plans to the Building and Design Committee for review. A modification of the home exterior will include decks, hot tubs, patios, pools, and similar alterations. Construction of new structures includes equipment and material housing, dog runs, gazebos, arbors associated with landscaping, and other similar construction.
- D. Approval of Plans. No construction, change, modification, or alteration for which plans are to be submitted to the Building and Design Committee pursuant to Paragraph C, immediately above, shall commence until the plans and specifications showing the nature, kind, shape, height, materials, and location of the same shall have been submitted to and approved in writing by the Building and Design Committee. Approval will be based upon factors set forth in Section IV below, but is not limited to those considerations so long as the committee acts reasonably, uniformly and consistently in its approval or disapproval. In the event the Building and Design Committee fails to approve or disapprove such design and location plan within sixty (60) days after such plans and specifications have been submitted to it, approval will not be required and full compliance with this section of the declaration will be deemed to have occurred.
- E. Liability of Committee and Homeowner Compliance. In spite of the foregoing provisions, the Building and Design Committee shall have no affirmative obligation to be certain that all elements of the design comply with the restrictions contained in the declaration, and no member of the Building and Design Committee shall have any liability, responsibility, or obligation whatsoever, for any decision or lack thereof, in the carrying out of duties as a member of such committee. Such committee and its members shall have only an advisory function, and the sole responsibility for compliance with all of the terms of this declaration shall rest with the homeowner. Each homeowner agrees to save, defend, and hold harmless the Building and Design Committee and each of its members on account of any activities of the Building and Design Committee relating to such owner's property or buildings to be constructed on his or her property.

SECTION THREE

Building and Use Restrictions

- A. Building Restrictions. No building except a single-family residential building together with such other accessory buildings as may be permitted by local land use or ordinances shall be permitted. Such accessory buildings shall not be used for, or in connection with, multi-family living, and each building site shall be used for no more than one family. No manufacturing or commercial activities shall be permitted on any lot.
- B. Dwelling Size Restrictions. No building shall be permitted on any lot if said building has a market value of less than \$245,000.00, inclusive of land, based on price levels prevailing on the date these covenants are recorded. The floor areas of the main structures, exclusive of one-story open porches and garages, shall be no less than 1,430 square feet for a one story, non-basement dwelling; 1650 square feet for a split level dwelling (three levels); 1650 square feet for a two story; or split foyer dwelling (3 levels, but excluding basement); and 1430 square feet of main structure for a dwelling with at least a half basement.
- C. Residential Restrictions. No trailer, tent, shack, garage, barn, or other outbuildings shall at any time be used as a residence, temporarily, or permanently, on any building site. No contractor or subcontractor shall live on or near the building site during construction.
- D. Substantial Completion of Construction. Purchasers of any lot or lots must begin construction within six months from the date of acquisition. Acquisition shall include purchase under contract. Construction shall be completed as to the exterior appearance including finished painting and restoration of lot grade within 6 months from the date of commencement of construction. If these requirements are not met, the Developer shall have the option of repurchasing the lot or lots at its original price less 20% for sale costs. Seeding of restored lot grass, planting, or the equivalent shall be completed in the front yard and 15 feet down each side wall within 120 days from the commencement of construction or ground breaking. Homeowner is responsible to have backyard landscaped within 90 days of issuance of Certificate of Occupancy. Any exception must be submitted to the committee for approval. All landscaping shall be to the general standards of adjoining properties.
- E. Water Run-off and Control Restrictions. All lots shall provide and maintain proper facilities to control storm water run-off into adjacent properties and to insure that sediments do not enter the natural drainage system. Lot owners are liable for dust control from the date of reservation and/or subsequent purchase.

- F. Compliance with Applicable Building Codes. All buildings and improvements shall be constructed in compliance with the pertinent zoning and building codes for the city of West Richland, County of Benton, and any and all other governmental entities that have jurisdiction thereof at the time of undertaking such buildings and improvements. No dwelling, house, garage or their accessory building or part thereof (exclusive of fences and similar structures) shall be placed nearer to the front lot line or nearer to the side lot line or in the rear lot line than the minimum building setback lines, if any, imposed by the city of West Richland, or as shown on the recorded plat of the subdivision, whichever is more restrictive. The purchaser of any lot will be required to install a sidewalk meeting City of West Richland specifications and requirements along all street borders. No fences beyond front of house.
- G. Roofing Material. All roofing material shall be approved by the Building and Design Committee, thirty-year roof minimum.
- H. Roof Design. Flat roofs are prohibited. Minimum of 6/12 pitch, unless otherwise approved by the Building and Design Committee.
- I. Exterior. Accents of the exterior surface of the walls including garages and shops shall be stucco, dryvit, brick, or masonry. No T-111 panel siding will be allowed. Exception: T-111 material will be allowed for accents only. Any accent use of T-111 must have written approval from the Building and Design Committee prior to construction. The Building and Design Committee may specify a minimum grade or equivalent laminate roofing material. All structures must be roofed by architectural laminate roofing material or tile roofing with a minimum thirty-year warranty approved in advance by the Building and Design Committee. Colors of the main structure and secondary structures shall be the same or complementary. Exterior colors including roofing must be approved by the Building and Design Committee prior to construction.
- J. Accessory Buildings. No detached garages or accessory or utility buildings shall be permitted unless such structure is designed and integrated with the overall architecture and landscaping, is architecturally compatible with the main structure and is approved by the Building and Design Committee. Single-story storage sheds no greater than 200 square feet in floor area may be placed on the property provided that both the color and roofing of the shed is consistent with the design and construction of the residential structure. An outbuilding may be constructed provided both the siding and roofing colors resemble that of the residential structure. The outbuilding shall not exceed 1,200 square feet and shall have a maximum height of 14 feet at the eaves. All eaves must overhang on all sides and be enclosed. The roof must be a minimum of 4/12 pitch. On all corner lots, placement of outbuildings shall not exceed the nearest side yard building line to the

“side” street and shall be set back no less than the closest front corner of the residential structure to the “front” street.

- K. Wire and Utility Height Restrictions. All lines or wires for telephone, power, cable television, or otherwise shall be placed underground and no such wires shall show on the exterior of any building unless the same shall be underground or in a conduit attached to a building. No television or radio antennae or aerial shall be installed that has a height in excess of twenty (20) feet aboveground. For this purpose, the ground level shall be determined by using the same ground level as is used for determining the maximum height restriction for houses to be constructed on the property under the then-prevailing zoning and building restrictions. Such ground level shall apply whether or not the antennae or aerial is located above the roofline of the residence.
- L. Exposed Mechanical Equipment. Heat pumps, propane tanks, solar devices, chimney flues, hot tub pumps, swimming pool pumps and filtration systems, satellite dishes, and similarly exposed mechanical equipment, shall be aesthetically concealed from view on all sides and shall be shielded in such a manner as to minimize noise and safety concerns.
- M. Driveways and Parking Strips. All driveways and parking bays shall be constructed of concrete, concrete aggregate, brick, or asphalt unless written approval for the use of some other material is given by the Building and Design Committee.
- N. Restrictions on Construction of Fences. No fences shall be constructed except after approval and review by the Building and Design Committee, and all fences shall be designed and constructed so as to be compatible with the neighborhood. All fences shall be designed and constructed so as not to constitute a nuisance or offensive effect on other persons residing within the subdivision. Fence standards shall be no less than Tri-City Fence dog eared board #2, no less than ¾” thick, and of tight-knot or no-knot quality. All posts shall be structural steel with wall thickness of 0.116” or greater, to be placed on the inside facing residential structure, and spaced no more than 7.5 feet apart. Treated 4x4 wood posts are also allowed and placed inside of the fence toward residential structure. Fence shall be stained clear only, with Olympic stain or better. Such stain shall be applied within thirty (30) days of completion of fence construction and applied every two (2) years thereafter; or more often if necessary.
- O. Nuisance and Use Restrictions. No noxious, illegal, or offensive use of property shall be carried on any lot, nor shall anything be done thereon that may be, or become, an annoyance or nuisance to the neighborhood.

- P. Refuse and Maintenance Restrictions. No trash, garbage, ashes, or other refuse, junk, vehicles in disrepair, underbrush, or other unsightly growths or objects, shall be maintained or allowed on any lot. All fences and buildings shall be kept in a state of repair. All residences, garages, and accessory buildings shall be painted or stained, from time to time, so as to maintain a reasonable state of repair.
- Q. Stored or Abandoned Vehicles and Equipment. Any automobile or other vehicle deemed to be in inoperative condition in excess of ten (10) days and which caused an undesirable effect on the area may be removed by suit commenced at the request of any Owner. This Property shall not be used for storage for construction machinery, rental equipment or farm equipment. No inoperable machinery, including tractors, trucks, or automobiles may be held on the Property for more than three (3) months. No used machinery or scrap equipment, implements, automobiles, or conspicuous parts of such equipment which serve no purpose in operation of the estate may be held or accumulated on the Property.
- R. Mailbox/Postal Box Design and Maintenance Restrictions. All mailboxes and mailbox holders shall be of a standard design accepted by the Building and Design Committee and adhering to the applicable specifications of the U.S. Postal Service. All mailboxes shall be located as directed by the U.S. Postal Service. Each lot owner shall be responsible for the maintenance and replacement of his or her mailbox so as to keep it in a state of repair at all times.
- S. Livestock Restrictions. Domesticated cats and dogs, not to exceed a total of three (3) are permitted.
- T. Vehicle Parking. All vehicle parking will be off street parking. Any unauthorized vehicles left in the street longer than 3 days will be towed at owner's expense. No parking of commercial vehicles of any kind or nature is permitted anywhere on the Property. All Recreational Vehicles (RV) shall be parked on RV pads. All RVs and boats must be screened from view of the street with acceptable fencing, no less than six (6) feet in height.
- U. Refuse. No lot shall be used or maintained as a dumping ground for rubbish, trash, yard debris, garbage, or other waste. Any waste must be kept in sanitary containers until properly disposed of.
- V. Easements. Easements shown on the face of the plat of the Real Property shall be maintained by the owners of the lot subject to the easement. No plantings, structures, barriers of any type, or other materials shall be placed upon said easements in a manner which may damage or interfere with the installation and maintenance of utilities, which

may hinder the access or use for which the easement was established. Owners of lots must be aware that fences, structures, or barriers of any type that interfere with access to the easement or the use for which the easement was established, may require the removal at the lot owner's cost and expense.

- W. Variances. Variances to the Covenants, Conditions, Restrictions, Reservations and Easements may be made at the sole discretion of the Building and Design Committee on a case by case basis to accommodate various circumstances including, but not limited to, lot size, irregularities of lot contour or lot lines, view enhancement or restriction and similar matters.

SECTION FOUR

Miscellaneous and General Provisions

- A. Modification of Restrictions. By written consent of seventy-five percent (75%) of all of the lot owners, the association may be given such additional powers as may be described by the association, or otherwise modify or amend this declaration in any manner, provided, so long as covenants may not be modified or terminated without prior approval and consent of Developer (signature by both members of the Developer group will be sufficient), it being understood that Developer will not unreasonably prohibit modification of these covenants so long as the proposed amendments do not impair the value of the surrounding property owned or retained by Developer.
- B. Severability Clause. The association shall, at any time, observe all of the laws, regulations, ordinances, and the like of the City of West Richland, County of Benton, State of Washington, and the United States of America, and if at any time, any of the provisions of this declaration shall be found to be in conflict therewith, then such parts of the declaration as are in conflict with such laws, regulations, ordinances, and the like shall become null and voided, but no other part of this declaration not in conflict therewith shall be affected thereby.
- C. Termination of Declarations, Covenants, Conditions, and Restrictions. This declaration may be terminated, and all of the real property now or hereafter affected may be released from all of any party of the terms and conditions of this declaration, by the owners of seventy-five percent (75%) of the properties subject hereto at any time it is proposed to terminate this declaration, by executing and acknowledging an appropriate written

agreement or agreements for that purpose, and filing at the same with the office of the Benton County Auditor, County of Benton, State of Washington.

- D. Covenants, Conditions, and Restrictions Run with the Land. All of the provisions of this declaration shall be deemed to be covenants running with the land, and shall be binding on the inure to the benefit of the owners of the properties described above, their heirs, successors, and assign, and all parties claiming by, through, or under them shall be taken to hold, agree, and covenant with such owners, their successors in title, and with each other, to confirm to and observe all of the terms and conditions contained in this declaration.
- E. Standing to Enforce Terms of Declaration. Any lot owner, or the Building and Design Committee, on behalf of all owners, may maintain legal proceeding to compel or enforce any of the terms and conditions of this declaration. In addition, so long as the Developer has an interest in any adjoining properties, Developer, acting through one of its representatives, may enforce these covenants. In any such action, the prevailing party shall be entitled to recover its reasonable cost and attorney fees.

This declaration to be executed on the date indicated below.
